

2024 Khulna-Barisal Clean Water Well Project Phase - SR18548

Project Report

Subject: Provision of Safe Drinking Water and Gospel Outreach Through Deep Tube Well Installation

Location: Satkhira, Khulna, Barisal, Jhalokathi (Bangladesh)

Partner Organization: Send Relief

Date: May 26, 2025

1. Background and Purpose

In the southern districts of Bangladesh—Satkhira, Khulna, Barisal, and Jhalokathi—many impoverished and vulnerable people lack access to safe drinking water. To address this urgent need, Send Relief partnered with us to install 43 deep tube wells across 36 villages.

2. Implementation and Outcome

- A total of 43 deep tube wells were installed across 36 villages.
- Estimated direct beneficiaries: approximately 15,000 to 18,000 people.
- Each village now has a reliable source of safe drinking water.
